United States Marine Corps

<https://www.marines.com>

Missions have changed over the years, but what has remained constant since November 10, 1775 is our unyielding commitment to protecting the lives of our citizens and the interests of our nation. Our purpose, by congressional mandate, is to be this nation's rapid response force; we are thus called to be "most ready when the nation is least ready." From humanitarian relief efforts to combat operations; from air, land and sea to every clime and place, the Marine Corps is ready to answer our nation's call.

United States Navy

<https://www.navy.com>

America's Navy is a force as relevant today as it's been historically significant for the last 238 years. The times may change. The threats may become more obscure. The complex nature of 21st century life may make the demand for such a presence less obvious. But now more than ever, the Navy is something to be aware of. Something to be thankful for. Something to be proud of.
